### Option 1: Use ring sizer to measure finger

- 1 Print and cut out the ring sizer below. Cut small slit that is marked with an arrow.
- 2 Warp the ring sizer around your ring finger with the number side visible to you.
- 3 Take note of the number that appears closest to the slit - that is your ring size.

### Option 2: Measure a Current Ring

- 1 Select a ring that properly fits the intended finger.
- 2 Place the ring over the circles below until the inside of your ring matches a specific circle.
- 3 If your ring falls between two sizes, order the larger size.
